## **Isolated Langendorff perfused heart**

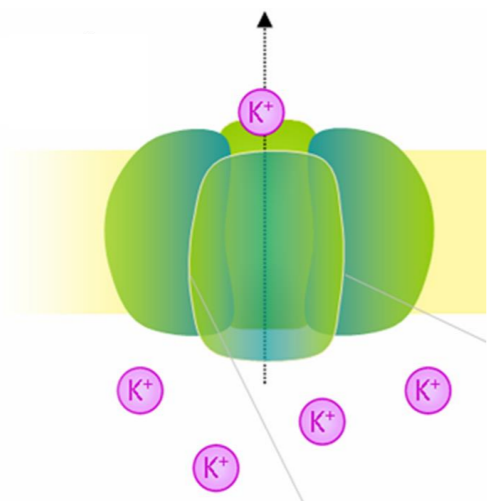

---

**Derisking your compounds quickly after  
hERG assays at low cost**

**hERG assay**

**Isolated  
Langendorff  
perfused heart**

**Telemetry**

### ***Ex vivo* model to evaluate cardiac effects**

(ECG recordings, hemodynamic and contractility parameters)

- ✓ ECG parameters: QT, QTc, PR, RR, QRS
- ✓ Heart rate
- ✓ Coronary flow
- ✓ Left ventricular pressure parameters: LVP, Max dP/dt, Min dP/dt
